LOCAL BREVITIES.

Mr. Phil Brady left for San Diego to-day.

The St. Charles saloon is open all night.

Go to the Grange Store for superior Peach Blow Potatoes just received from El Monte.

Mr. F. W. Thatcher has mounted several elegant cameos, which will attract general attention.

A number of the guests of the Grand Central had a picnic at San Gabriel yesterday.

Remember the masquerade at Turn Veaein Hall on the 12th instant.

The Dramatic section of the Turn Verein is preparing for a grand performance.

Col. Jeff White has raised some elegant oranges and some of them are on exhibition at the Fashion saloon.

The brig Tanner is at Wilmington with lumber for Perry, Woodworth & Co.

The Fashion saloon still lives with a first class lunch daily from eleven to two o'clock.

Thos. C. Dougherty, & Co. have removed from No. 40 Spring street and will be found hereafter on Temple street, above Spring.

The Water Company has received 10,000 feet of 22 inch pipe, and will lay it on Alameda, Main and First streets.

It will be seen by an advertisement published this morning that Piper's great Opera Company will soon be here.

The beautiful tropical song-bird, Addie Miller, is entertaining the visitors at the Novelty Theatre. Her voice is splendid.

Fisher has applied for letters of administration on the estate of the man who steals the HERALD from the files of the Grand Central.

The City Park is being cleaned up handsomely, and to-day we learn it is in the care of F. Tamiet for one year, who we feel confident will keep it in order so long as it is in his hands.

W. J. Howell, a prominent citizen and extensive dealer in hardware and agricultural implements for many years in Des Moines, Iowa, is, with his daughter, stopping at the Grand Central hotel.

The train from the tunnel with the Northern and Eastern mails arrived yesterday about 10 A. M., which is doing remarkably well considering the many obstacles the stages encounter in the way of snow drifts, fallen trees, boulders, &c., in the road.

In the statement of the affairs of Temple & Workman's bank, S Rothchilds appears to have overdrawn $4,561 60. This is incorrect. He had checked out that amount and his deposits were $4,350 92, leaving the overdraft only $210 68.

The fog which enveloped the city last night about five o'clock, came in upon our people so quickly from the Southeast that many supposed it to be a rain storm approaching. For a time even the lights in the store windows could not be seen at a distance of half a block.

The high ties that were thrown at the raffle of the pictures at the Palace Saloon night before last, were thrown off yesterday at noon and Mr. Davis, of San Gorgonia, was the winner, he throwing 39. He presented the picture to Jo Williams. The low ties will be thrown to-day. The lunch was superb.

It is said that a beautiful mirage was visible from the hills in the Southwestern part of the city yesterday morning. Looking towards Santa Monica there was dimly marked the outlines of a city in the clouds. We believe that these phenomena occur but rarely in this section.

Mr. W. Pridham goes out to Whitewater on Saturday to attend to the locating of the agency of Wells, Fargo & Co. at that point. As soon as this is done the office in this city will be able to receive for transportation packages and express matter of all kinds to any point in Arizona.

We saw a magnificent buggy yesterday in the possession of our genial friend D. T. Mooney. It was manufactured by Page & Gravel of course, as all of the crack jobs are done and we think it will take the shine off anything we have seen of its kind. The buggy cost $550. Page & Gravel may feel proud of this specimen of their handiwork.

A very enjoyable affair occurred last evening at the residehce of Dr. M. Whisler, on San Pedro street, in the marriage of his daughter, Mrs. Virginia Owens, to Mr. J. W. Davis, by the Rev. Geo. S. Hickey. We believe the present residence of the newly married couple will be at the house of Rev. J. R. Tansey, on Bunker Hill avenue. We extend the happy couple our congratulations, and hope their voyage on the matrimonial sea may be one of uninterrupted pleasure.

The Congregational Church Social held at Deacon Bents, Wednesday evening, was entertained by the Misses Chase with some very fine vocal and instrumental music, and the whole affair was a complete success. We observed some of our leading lawyers and real estate men present, apparently renewing their youth and very attentive to the accomplished young ladies. That is right. Go on venerable citizens! We may get some wedding cake out of these little flirtations. When and where will the next social be held?

The interest on the national debt of the United States is $103,000,000 a year. Before the war, that was about the principal. What a tax is that! It is more than twenty dollars upon every voter in the country, if we take the Ohio election as a test. In a little over twenty years we pay as much as the principal. But still the principal remains. What a terrible cancer is interest.

From the statement of Temple & Workman, assignors, on file with the County Recorder, we have gathered the following summary of resources and liabilities of the collapsed bank. Still we have held closely to aggregates, and a comprehensive idea of the affairs of the bank may be had from the following figures. The paper is premised by the affidavit of Wm. Workman and the subjoined statement of

It is simple, strong, durable and cheap, light and rapid running, doing all the different varieties of sewing from the finest fabric to the heaviest cloth or leather.

SATURDAY,.....FEB. 5, 1876.

The Immortal John.

True statesmanship always regards the future results of political measures more than the present. The plea of precedent is considered of value only when the general welfare is observed. True statesmanship always rightly understands that good government is the result of popular and anti-popular principles blended together, rather than the mere ascendency of either, whose aim therefore is to prevent either from going too far, and to throw its weight into the lighter scale. It discards all indifferentism to measures vital to the prosperity of the nation. If ever there was a time when such statesmanship should assert itself, now is that time in American politics. Leaving the general question of national politics at rest, the fact that centers in our State legislation, and demands the greatest consideration is the control and management of our Chinese population. No one can be blind to the fact that this population is fast becoming an almost unbearable incubus upon our State. Under the existing policy the future holds out no relief. When John begins to understand the rights and privileges attendant upon naturalization, that it opens the doors of civil office and public schools to him, with his keen perception of mind, he will not be slow to improve to his own advantage said rights and privileges. With his clanish disposition he will not brook dictation. If he does, designing politicians will use him for their own base purposes, which will be equally as bad as to permit John to act for himself. Having the freedom of emigration, which the Burlingame Treaty affords, China can empty on our shores forty millions and not miss them from her teeming population. Having little or no sympathy with our institutions, and being true to the instincts of self interest, this class will have little regard for aught else than for those measures which subserves its own well being. It were better in view of these facts to arrest this tide of emigration, even though it be at the expense of a depleted commerce; for what are a few dollars put in the individual pocket, and put there by a policy that will prove so disastrous in the end to the true prosperity of an entire State or nation? If the United States has drawn an elephant in the shape of John Chinaman by this treaty, it is not right to stake him out in California, or in any other State where his presence so militates against our welfare. To remedy an evil brought about by a short-sighted policy is always legitimate and obligatory upon the agency producing it.

The Crooked Disciples.

They come before the courts in solid phalanx, and by platoons confess judgement. Not less than forty of these whisky ringers have confessed, and still they come. It is a divine maxim that honest confession is good for the soul. But how much it benefits the body can only be determined when sentence is pronounced. That this method was adopted to get off with a lighter punishment is very evident. But there is a vast difference between a voluntary confession and a confession made after detection. If, before anything was known of the guilt of these parties, they had come forward and divulged their secret crimes against the Government, made restitution and plead for mercy, there is not a Judge upon the bench in the United States who would not extend clemency to the utmost limit. Voluntary confession is really meritorious, but there is no merit in confessing after a man has been *treed*. A searching investigation into all public affairs has been instituted, and thousands of crimes not now dreamed of will soon be unearthed. Conscience and detectives are busy everywhere, and all those who under the lashings of conscience come forward and make confession, may expect to find favor with the courts and society. But those who wait for detectives to hunt them down, will not receive much sympathy in any quarter. In view of these facts we advise all the guilty brigade to take time by the forelock and come forward and own up like men. The courts and the whole American people will absolve you; you can retain your position in society, have the approbation of a good conscience and the benediction of Heaven. We know you are guilty, you know it and God knows it; then why wait for detctives to nose you out and bring you before the courts. They are sure to find you, and your disgrace must follow. Besides, it is very expensive to keep up a corps of detectives, pay attorneys and summon jurys, and this only provokes the people. All this expense and bad feeling, as well as your disgrace, may be avoided. So walk up and make a clean breast of it and let us begin a new deal.

The sudden fog night before last brought numerous coughs to those whose bronchial tubes were weak, and yesterday morning they might have been seen going to Heinzman's after Brown's Troches. By noon their troubles were all over, the Troches had effected a cure. Try them.

Protest to the Legislature.

We have just received information from Anaheim that the following protest is being circulated in that part of county, and has already received twelve hundred signatures:

To the Senate and Assembly of the State of California Assembled:

WHEREAS, An Act entitled "An Act to authorize the Board of Supervisors of Los Angeles county to erect a Court House and Jail, and issue Bonds for the bayment of the same," is before your honorable body, and

Whereas, Section 3 of said Act authorizes an expenditure of one hundred and fifty thousand dollars,

Therefore, we, the undersigned residents and tax-payers in said county of Los Angeles, would represent to your honorable body,

1st. That the county of Los Angeles has now an indebtedness of $650,000.

2d. That the annual interest on this debt absorbs 45 cents on the $100 of our county tax levy.

3d. That the addition of $150,000 to our present debt will increase it to $800,000, or about 6 per cent. of our entire taxable property.

4th. That with this addition to our debt we will have the largest debt of any county in the State, except San Francisco, (which has more than twenty times as much taxable property as our county has.)

5th. That our taxes are now burthensome, and that increased taxation will retard the growth and prosperity of our county.

6th. That the present Court House is sufficient for the needs of the county.

In view of the facts here set forth, we would respectfully remonstrate against the passage of said Act by your honorable body. For which we will ever pray.

The HERALD has not entered largely into this controversy. The following is the purport of what has been said: If the present Court House and Jail property could be properly disposed of and the proceeds honestly applied in the building of new ones, there would be no very large debt incured to complete the new ones. If bonds are issued for this purpose, due in twenty years, we will insist that the old Court House and Jail be sold for bonds which will mature at the same time. This property will bring double the amount, if sold on such terms as it would if sold for cash. In this way the buildings can be erected without any material increase of the debt of the county. Then why the necessity of asking the privilege of going in debt another hundred and fifty thousand dollars when one fourth or one third of the amount is all that is required. We are always ready to encourage any improvement in the county when improvement will do more good than harm. But it is our candid opinion that one hundred and fifty thousand dollars added to the debt of this county would do us more harm than the new buildings would benefit us.

Legislative Proceedings.

SACRAMENTO, Feb. 4th.—In the Senate yesterday the bill providing for the deficiency in the appropriations for the State Normal School was fully discussed and re-committed to the Committee on Finance, with instructions to bring in a general deficiency bill.

The special order with reference to the joint resolution on the change of route of the Southern Pacific railroad and abandonment of the portion between Tres Pinos, in San Benito, and Goshen, in Tulare county, was discussed at considerable length. Lewis, of Tehama, and Pierson, of San Francisco, supported the claims of the railroad, and Lindsey, of Tulare, and Laine, of Santa Clara, opposed. The latter made a powerful speech of two hours' duration in reply to Lewis, opening up the whole railroad question, and maintaining that the corporation utterly disregarded the law. So damaging was the debate to the company that the *Record-Union's* report to-day passed it over. The debate was adjourned, on division, to Tuesday, by 21 ayes to 18 noes, so as to give the friends of the railroad time to reply to Laine's argument. Bush voted with Lindsey, and Graves and Satterwhite with Lewis.

In the Assembly, yesterday, considerable time was taken up in discussing the report of the Committee on Attaches, favoring retrenchment. It was shown that the expenses of the House for January were considerably in excess of those of the same month two years ago. The report was adopted.

A debate occurred on the action of the Committee on Commerce and Navigation with regard to the late inquiry into the unseaworthiness of vessels. Mr. Pullen wanted to extend the investigation to the steamers lost during the past year, and all vessels sailing to and from San Francisco. The resolution failed so far as the lost vessels were concerned, and on motion of Archer the Committe were required to report the result of their previous investigations and present a memorial to Congress on the subject.

Hayne introduced a bill providing for the transfer of certain court papers of Santa Barbara and Ventura counties.

Suverkrup introduced a bill to authorize the construction of a wagon road in San Bernardino county.

The act to regulate traveling fees of the Sheriff of the county of Kern, by Lindsey, from the Senate, was passed.

An act to create the office of Bank Commissioner was made the special order for Tuesday.

In the Legislature to-day, the Assembly bill to take the office of Tax Collector from the Sheriff of Ventura and give it to the Treasurer was indefinitely postponed in the Senate, on the motion of Graves.

State Controller Mandeville died this morning at eight o'clock, in Sacramento, of softening of the brain, and in consequence both houses adjourned, after transacting some business, till 3 o'clock Monday. A joint committee of five from each House was appointed to arrange for his funeral. He has been unwell for a long time.

More Embezzlement.

MERIDEN, Conn., Feb. 3d.—The affairs of the Meller Bros., Cutlery Co., one of the most prominent cutlery works in the United States, are found to be in an embarrassing condition, through the irregularities of one of its officers. The extent of the deficit is believed to be $600,000 or more. No cash account was kept and the books are found to be irregular. The stockholders propose to run the works as usual. Strong efforts are being made to hush up the matter on account of the high standing of the guilty officer who had been trusted implicitly.

Refusal.

INDIANAPOLIS, Ind., February 3.—In view of persistent attempts to bring Gen. Benj. Harrison into the field as Republican candidate for governor, notwithstanding his formal declintion, he has written another letter in which he declares that he cannot consent to the use of his name in that connection, under any circumstances.

The testimony was to the effect that yesterday afternoon the woman, who was under the influence of liquor, chased the child down the street and struck her over the head and face several times with a heavy piece of wood, disfiguring her feautures. The child said her mother used her well except when she was "a little drunk and a little sober." The defendant was convicted.

The crowning glory of a man is a good hat. It is the distinctive mark of a gentleman. No matter if his clothes are threadbare, if he has a stylish hat; people don't look at anything else; in fact, it not only covers his head but the defects of all sorts which would become visible were his hat not perfect. FIRST—THEIR SIMPLICITY,

The use of them is very easily acquired, and any girl of ordinary intelligence is capable of keeping them in order.

SECOND—THE CONSTRUCTION

of the Machine is such that it may be run at a higher rate of speed than any Shuttle Machine now in the market. In factories where the rate of speed has been registered, over

THIRD—THEIR DURABILITY

FOURTH—THEIR ADAPTABILITY,

By a simple change of the needle and thread they will sew the finest cambric or the heaviest leather.

FIFTH—THEY HAVE NO ROTARY CAMS,

LOCAL BREVITIES.

We regret to hear that Ben Edelman is sick.

A car of oranges came in from the Mission yesterday.

Arthur Day, of the Chicago *Advance*, is at the Grand Central hotel.

No one is perfectly dressed without one of Desmond's hats.

Mr. S. H. Buchanan, one of our prominent builders, is putting up a neat litte church at Pasadena.

On Sunday night there will be a grand Spanish performance at Merced Theatre.

A Morendo eel was on exhibition at Cameron's yesterday, measuring four and a half feet.

Six to ten cars of corn arrive from Downey daily, and the only complaint is that there are not cars enough.

The gutter in front of the Barnum restaurant, on Main street, is in a polluted condition. Its offense is rank and smells to heaven (?).

The February term of the District Court opens on Monday next. Judge Sepulveda informs us that the business before it will be unusually large.

Lieut. Bergland, U. S. A., is busy fitting out the Wheeler Expedition. Mr. C. Bosen goes with them as saddler in chief.

We congratulate our friend Abbott, on the prospect of an occupation of Merced Theatre by a fine company for two months.

The Countess Savilia, a Moor converted to Christianity, is on her way to Los Angeles. She is described as beautiful, talented and wealthy.

Apply to E. E. Fisher, Grand Central Hotel, for elegant shelving and fixtures, formerly belonging to the Identical Cigar store.

Joe Stackpole is about starting an elegant sample room next to the Grand Central Hotel, in the store just vacated by the Identical Cigar store.

Theodore G. Smith, a prominent citizen of Rochester, N. Y., has arrived with the intention of settling among us. The HERALD pamphlet did it.

The brig Tanner, Captain Williamson, from Port Discovery, arrived at San Pedro yesterday with 275,000 feet of lumber for Perry, Woodworth & Co.

L. Harris, 50 Main street, furnishes the million with suits that beat the world. He can equip a man as quick as a flash, and at a price that don't bankrupt him.

There will be a special meeting of Los Angeles Lodge, No. 42, F. & A. M., this evening at half past seven o'clock at Masonic Hall for work in the 3 D. All Master Masons in good standing are cordially invited.

Among the shipments Friday were 2 pipes of wine, from J. M. Vigne; 89 dry hides, from T. F. Allen; 65 sacks of corn, from Hellman, Haas & Co.; and 1 car of oranges from sundry parties.

Charles Brode, Spring street, near Turn-Verein Hall, keeps one of the best grocery stores in the city and sells as cheap as San Francisco dealers. Staple and fancy groceries at small profit.

At the tree depot of W. M. Williams, on Spring street, near Court, may be found 2,000 trees of every description, some, especially peach, particularly large and fine, and they are now selling at a great reduction from former prices. Take a look at them.

Mr. Welch sends the following to Mr. Truman from San Francisco: The entries for the four mile race for thirty thousand dollars closed with Grimsted, Rutherford, Revenue, Chance, Hock Hocking, Katie Pease, Foster, and Golden Gate.

In Temple & Workman's statement appears a charge against J. L. Ward & Co., which should have appeared as "secured" by the Wallapai Smelting Works, as the above named gentlemen were only agents for the company and not interested in the works.

Jesse Shepard, the Musical Trinity, is in the city and will give a concert at an early date. He is described by up-country papers as something surprising, and we hope to see a fine audience greet him on his first appearance.

The Ware troupe are noted all over the world. The St. Louis *Mercury* says:—The Wares are very clever, very original, very refined and have been a very great draw, their benefit being the largest house of the season.

Fred Berry has this week commenced building a house altogether too large for a young bachelor of his age. It is on the edge of the high bluff next North of Major Locke's, and commands a charming view of the San Gabriel valley, the Arroyo Seco Cañon and the Verdugo mountains. These are ominous signs in a new settlement like Pasadena. More victims are in order.

Before Justice Gray yesterday appeared Philip Conway and accused G. W. Gillette of punching him in the eye and giving his nose a "list to port," contrary to the peace, &c. The evidence established the fact that Conway voluntarily ran against the fist of Gillette, and got exactly what he needed and hunted for, and defendant was discharged. Major Bell for defendant.

Meeting of Creditors of Temple & Workman.

There were about 125 creditors of the Temple & Workman Bank, some of whom were ladies, present at the meeting held in the County Court room yesterday afternoon.

The meeting was called to order by Mr. G. E. Long, Chairman of the former Committee of Creditors and, on motion, Mr. Ferguson was chosen Chairman and Mr. Shepard Secretary.

Mr. Spence, on the part of the assignees, stated for the benefit of the meeting that an informal meeting of creditors some time ago had appointed a committee, consisting of Messrs. Long, Toberman, Riley and Ross. This committee had conferred with the assignese. He submitted the statement of Temple & Workman filed with the County Recorder, and recommended that the creditors appoint a committee of three to advise with the assignees and render their assistance in settling up the affairs of the bank, provided the present assignees are qualified.

Mr. Hazard objected to the appointment of assignees without the concurrence of creditors. He said there had been considerable dissatisfaction expressed.

The motion for appointment of Committee was carried.

On motion of Judge Eastman the motion was reconsidered and, in lieu, an advisory committee of seven appointed, comprising the largest creditors, who were to report at once a permanent committee.

The following advisory committee was appointed by the Chairman, who represented the amounts set opposite their names:

G. E. Long	$20,000
John Jones	40,000
D. Rivara	23,000
L. J. Thomas	10,000
H. T. Hazard	10,000
F. Mancho	17,000
F. Sabichi	4,000

Mr. Hazard again objected to the arrangements as made, and did not want a committee appointed by a committee for fear that there would be a slate fixed up. He wanted this committee simply to nominate names for the permanent committee, and be voted upon by the meeting. He made an amendment accordingly, which failed for want of a second.

Mr. Will D. Gould wanted the meeting to keep cool and did not care to have an attorney serve on the committee. His remarks elicited some applause.

Mr. Robert Turnbull representing $8,000 was appointed on the committee in place of Mr. Hazard.

The advisory committee after retiring nominated the following for a permanent committee: D. Rivara, G. E. Long, and H. C. Wiley.

Mr. Freeman stated that he considered himself in every way a member of this meeting—as a personal creditor and a representative of Temple & Workman. A movement is on foot to throw the estate into bankruptcy and have it controlled by a commissioner in San Francisco in the interests of preferred liens in the property. He thought that bankruptcy should be avoided by all of the creditors, and he believed that it was the purpose of this meeting to sanction the action of Temple & Workman in appointing assignees. He believed that in the hands of the assignees the estate would pay dollar for dollar and leave a large surplus for Temple & Workman, whereas if disposed of by San Francisco parties, it would not realize ten cents on the dollar.

For the purpose of gaining the sense of the meeting, Mr. Freeman moved that the advisory committee report in one week.

On motion of Mr. Barrows a vote was taken as to the opinion for or against bankruptcy. Through an awkward misunderstanding the vote was largely in the affirmative, and seeing that they had blundered they went back to do it over.

Mr. Eastman then offered the following:

It is hereby resolved that the expression of the creditors of Temple & Workman's Bank here assembled is against throwing the estate into bankruptcy.

While this motion was under consideration Judge Thompson arose and stated that he wanted a full discussion of the proposition. He believed that it would be impossible for the assignees to discharge the mortgages that now encumber nearly all of the property, whereas if this property could be relieved of its incumbrance and cut up into small parcels it would realize more for the creditors than by any other way of disposal. He had been informed on reliable authority that Baldwin refused to accept payment for his mortgages unless interest were paid up to maturity, making an item of about $430,000. The fees and costs of closing up the estate would be no more in bankruptcy than in the hands of assignees. According to the bankrupt law the receiver is appointed by a majority of the creditors, and he can be a man in our midst, whom we may all be willing to trust. He said: "I believe there is fraud enough apparent in the Baldwin mortgage to set it aside and compel him to take his chances with the other creditors. (Applause). How is it that he holds the absolute transfer of the Sanchez ranch and 5,000 acres in El Monte, making altogether property worth $110,000, and besides this holds mortgages on all the other estates?"

Mr. Freeman explained that the transactions which the Judge especially referred were actual purchases from Mr. Temple.

Judge Thompson, resuming: "That makes a little improvement in appearances, but there are many things remaining to be explained. There are mortgages in the hands of Baldwin to the amount of three hundred and forty or three hundred and fifty thousand dollars—$310,000 in one item and $30,000 or more in another. For this Temple only received $250,000. The money was to bear interest at the rate of 2 per cent. per month, but they did not like to draw the paper at this rate and so they computed one-half of the interest and added it to the principal, and the notes at one per cent. a month. The matter then stood:

Cash advanced	$250 000
Interest included	60 900
Mortgage	$310 000

This arrangement was ruinous and oppressive; it exacted a sort of double compound interest upon interest. The speaker thought that a Court of bankruptcy could set aside all preferred claims which the assignees could not do. He was decidedly in favor of having the estate put into bankruptcy.

Mr. Eastman spoke in response to these remarks, disagreeing with the Judge in every point except in calling the Baldwin transaction a fraud.

A lengthy and rambling discussion followed which was participated in by Mr. Hazard, Mr. Gould and one or two others. Several of the speakers warmed up with their subject and were roundly applauded.

Mr. Eastman's resolution was then put and unanimously carried.

As a sort of clincher, Mr. Hazard moved that the advisory committee confer with creditors and obtain the agreement of a sufficient number to secure the estate from bankruptcy. Unanimously carried, and the meeting broke up with good feeling.

The School Money.

The following series of resolutions was passed by the Council yesterday:

WHEREAS, All loyal efforts heretofore made by the Common Council of this City in order to avoid the expense and trouble to the tax-payers of this city attendant upon the levy and collection of a special tax for school purposes, have failed, and we now see no means of satisfactorily arranging the matter with the Board of Education, and,

WHEREAS, We are consequently compelled by said Boad of Education to proceed with the assessment, levy and collection of such special tax. Now, therefore, be it

Resolved By the Common Council of the city of Los Angeles, that all motions and orders of the Common Council heretofore made, and providing for any postponement of the assessment of such tax be and the same are hereby reconsidered, annulled and repealed, and the City Assessor be and he is hereby ordered to proceed without delay to the assessment of property in this city according to law and for the levy of such special tax.

Good Thing for Sea Sickness.

On a recent down trip of the Orizaba, a lady passenger, the wife of a well known money king, was desperately sea-sick. She was certain that she was going to die, and to insure a decent burial, insisted that the steamer should be put ashore and let her off. This sort of proceeding, while particularly novel in some respects, perhaps meritorious, was a little impractical, so considered by the Captain and several passengers. The kind husband, after puzzling his brain some time for a solution of the difficulty, finally hit upon the following remedy: He rolled up some little pills of moist bread and dropped them into an abandoned pill box. They were soon coated with the peculiar powder in which pills are usually packed, as some of it was remaining in the box, and the process completed, looked quite medicinal. Approaching the despairing invalid, the husband said: "My dear, here is something which the Doctor sent down to you, and its a sure cure; they taste bad, but take them right off and you'll feel better in a minute." The pills were taken and the invalid was soon completely restored and out on deck looking at the sea-gulls and porpoises.

The Lenton-Ware Troupe.

This famous company appear on Monday night for a week's engagement. We find the following notice in the Detroit *Free Press*: The Lentons have made a famous hit and they are very properly regarded as the great card of the season. Their gymnastic feats are of the most extraordinary and surprising character, and the reception given them every night this week has been a genuine ovation.

One of the most gay and festive occasions that have come off lately in this vicinity, was the surprise party given to Mr. and Mrs. Coronel at their house last Wednesday evening. There was music and dancing, flirtation and feasting until a late hour in the morning, and we venture to bet all the money we have in Temple & Workman's bank, that the company retired to rest with lighter hearts and consciences more clear than many of those who did not have half the fun. We give the names of most of the revellers as a warning to others to go and do likewise: E Dunham, Mrs Williamson, Wm Ruth, Miss Buzzell, Woodworth, Mrs Daily, A Sepulveda, Miss F Coronel, S Sepulveda, Miss H Tembrook, Joseph Aguirre, Miss C Wilburn, G Yorba, Miss E Sepulveda, W B Peak, Miss H Turmon, P Coronel, Miss A Bonsell, Don Andrew Coronel, Miss Lottie Valencia, Mrs Coronel.

Mr. M. L. Power, an old forty-niner, is at the Grand Central, having come up from Florence, Arizona. He speaks in flattering terms of the mining interest of the Pinal mountains, and says that the prospect of the Silver King, a mine that was located last March, exceeds anything in richness of ore that he has ever seen, the Comstocks not excepted. He has recently negotiated the purchase of the abovenamed mine for San Francisco capitalists. About twenty-five tons of ore have been shipped to San Francisco, thirteen tons of which yielded $1,500 per ton. The vein of the mine is sixty feet in width. They are now down forty-one feet, with two millions of ore in sight. He exhibited specimens of the shipping ore to a party of several old residents, who pronounced it equal to any they had ever seen, some of them being almost solid silver.

Washington Gardens is the place to spend Sunday if a person needs relaxation or amusement, and who does not? There is a large collection of wild animals. Señor Gonzales, who turns a double somersault on a single rope, the Mexican wire performers and acrobats, fine music, and lots of other amusements to suit every one. To-morrow they have a big programme.

CITY LOTS SOLD

— ON —

Monthly Payments!

OWING TO THE UNLOOKED-FOR events which have transpired in the past three or four months, and which have made money scarce, I will offer for sale, some

CHOICE REAL ESTATE,

Situated in the centre of the city, viz:

Ninety-seven Lots

FRONTING ON TEMPLE STREET,

On the East side of Pearl, and South of Canal and Reservoir streets. About four minutes' walk from Temple Block.

The Surveyor is now at work surveying these lots. They are not to be laid out in the stereotyped style, in square blocks—in order to get the greatest number of lots, with no regard to the grades of the streets—but

This Tract is Laid out in Park Form.

Each street is made to conform to the topography of the land, thus preserving the natural formation, and reducing the cost of grading to the minimum.

PARK VIEW TRACT

Commands a view of my Park, which will, in a short time, be the

Most Beautiful Spot in the Country.

Already several thousand trees have been planted, and walks and drives made, and fountains constructed, at a great expense.

WATER

Is Already on the Tract.

As soon as the map and survey are completed, the lots will be offered at private sale, on the installment plan, as follows, viz:

On lots worth from $300 to $400, $20 per month; and on all lots worth more than $400, $25 per month—together with interest at one per cent. per month on the unpaid balance.

Parties desiring to pay in full for their lots before the installments become due have that privilege.

I will hold these terms open till January 26th.

Parties who make one payment on a lot can at once take possession by building a house, and avoid the great expense of paying rent, and in a short time, by the saving of this one item of expense, can pay for their lot. Meantime,

The Property is Increasing in Value

And at the expiration of twelve months, will be worth three or four times what it now costs. Apply to

5,000 ACRES

— OF THE —

Lake Vineyard Land and Water Association.

THESE LANDS

are situated in the great natural Fruit Belt of Los Angeles county, and their peculiar fitness for the growth of Semi-Tropical Fruits is attested by the long and very successful cultivation of the Orange, Lemon, Lime, etc., on the adjoining lands.

2,500 ACRES

Of the lands of the Association adjoin the promising settlement known as the

INDIANA COLONY,

And 2,500 acres are on the San Gabriel valley plains, lying West of the Mission of San Gabriel and adjoining the famous Lake Vineyard Tract, the property of Hon. B. D. Willson. The main trunk line of the

S. P. R. R. COMPANY

Passes through them, and there is a depot within one mile and a quarter.

THE WATER

is now conducted by pipes to the lands of the San Gabriel Valley Tract, and on the other tract there is in process of construction a hydrant cement ditch capable of carrying 13,000,000 gallons of water daily.

All of the water is of the finest quality and raises on the lands of the Association,

There are churches and schools at convenient distances, and the climate is unsurpassed.

The lands now offered for sale are the finest ever placed upon the Los Angeles market.

Title to Land and Water Perfect.

References may be made to Messrs. B. D. Wilson or J. DeBarth Shorb at Lake Vineyard, who will take pleasure in showing the lands to parties wishing to purchase, or to Messrs. P. Beaudry, F. P. F. Temple or F. M. Ross, in Los Angeles City.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit $500 for every case of seminal weakness, or private disease of any kind or character, which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage; remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrastination the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. Full coarse of treatment $25. Send money by Post Office Order or Express, with full description of case. Call, or address,
